

24 December 2014

**CHINLINK INTERNATIONAL HOLDINGS LIMITED**  
**(Stock code: 0997.HK)**

**Appreciation for the Participation & Contribution to the Carbon Footprint Disclosure**

[24 December 2014 – Hong Kong] Chinlink International Holdings Limited (“Chinlink” or the “Company”, stock code: 0997.HK) and its subsidiaries (collectively the “Group”), is pleased to announce that a certificate was presented to the Group in recognition of the first-mover contributions and efforts in auditing the carbon footprints and disclosing the carbon data through the Carbon Footprint Repository (“CFR”) on 15 December 2014.

CFR was developed by the Environment Bureau which enables Hong Kong listed companies to disclose their carbon footprints and share successful stories on their carbon management and practices on a voluntary basis. This year, Chinlink became one of the 64 listed companies reported the greenhouse gas emission under the CFR scheme. Certified companies come from various sectors such as property and construction, consumer services, financials, consumer goods, industrials, utilities, information technology, materials and telecommunication sectors within which more than 20 companies are among the top 100 listed companies in terms of market capitalization.

During the year, the Group has implemented several measures to reduce the emission of greenhouse gases, for instance, encouraging the use of recycled paper and FSC (Forest Stewardship Council) certified paper, installed energy-conserving devices and sensory faucets and so forth. With the prevailing importance of slowing down global climate change, Chinlink will continue to take up the responsibility of environmental protection.

Mr. Siu Wai Yip, Executive Director of Chinlink commented, “We are glad that Chinlink has the opportunity to participate in this meaningful event. As a socially responsible company, we believe that everyone has a part to play in curbing environmental pollution apart from running the business. We will keep up the momentum of such actions, including using recycled paper, encouraging garbage sorting, and reducing overtime work; we aim to raise environmental awareness to promote sustainable development of the society.”

Ms. LAM Suk Ling, Shirley (Right 1), Chief Financial Officer and Executive Director of Chinlink International Holdings Limited received the certificate from Mr. WONG Kam Sing (Right 4), Secretary for the Environment.

- END -
