**The 4th Shaanxi-Hong Kong Finance Forum**  
**International Capital to Drive Innovation and Development**

[4 December 2020 - Hong Kong] Jointly organised by the Shaanxi Provincial Department of Commerce and Shaanxi Liaison Unit of the Government of the Hong Kong Special Administrative Region, co-organised by Chinlink International Holdings Limited ("Chinlink", HKSE Stock Code: 0997) and its subsidiaries (collectively the "Group") and MCM Partners, the 4th Shaanxi-Hong Kong Finance Forum (the "Forum") was held at Chinlink International Centre in Xi'an, Shaanxi Province. The Forum was held both online and offline with the theme "International Capital to Drive Innovation and Development", speakers from different finance sectors explained to the enterprise participants different onshore and offshore fund-raising options.

The Forum began with a welcome remarks by Mr. Wang Hongwei, Deputy Director-General of Shaanxi Provincial Department of Commerce, he addressed "Hong Kong is a good reference to Shaanxi in many areas such as its forward-looking financial insights, well-established legal system, high compliance standards as well as the design on financial products, regulatory system reforms and talents development etc." Ms. Suen Hok Ying, Grace, Acting Director of Shaanxi Liaison Unit of the Government of the Hong Kong Special Administrative Region, addressed in opening remarks, "Hong Kong is the largest global offshore Renminbi ("RMB") business hub, about 75% of the world's RMB payment transactions processed through Hong Kong. Therefore, Chinese enterprises perform cross-border and offshore asset management activities through Hong Kong's financial platform can enjoy capital usage efficiency and more flexible capital flow. In 2019, Hong Kong ranked the biggest global Initial Public Offering (IPO) market with US\$40.1 billion raised. The Government of the Hong Kong Special Administrative Region welcomes Shaanxi enterprises to list and raise capital in Hong Kong where it has comprehensive banking, accounting and legal professional services to meet the listing needs of enterprises."

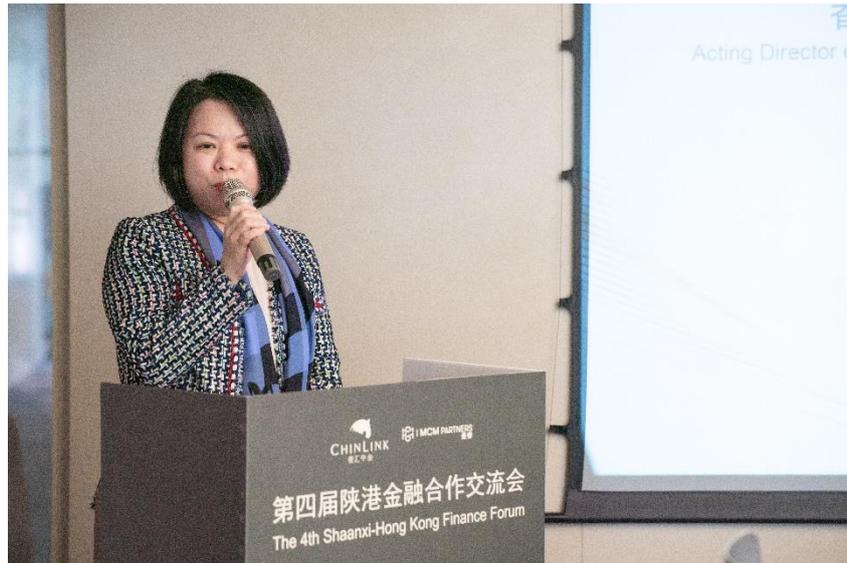

Mr. Li Weibin, Chairman and Managing Director of Chinlink, addressed in opening remarks, "The past three Shaanxi-Hong Kong finance conferences had achieved an unprecedented success, the Forum

is held in another form this year due to the Coronavirus Disease 2019. Nevertheless, the Forum still focuses on bridging Shaanxi with international financial platforms and establishing a new financial exchange platform for both Hong Kong and Shaanxi industries to grasp the opportunities brought from Belt and Road Initiative and China (Shaanxi) Pilot Free Trade Zone.” The Forum brought together distinguished speakers from Hong Kong finance sector and covered various topics including “Investment trend during COVID-19 and how to better manage investor engagement”, “Offshore fund raising for Chinese enterprises”, “Offshore private equity fund to boost high-tech industry at Shaanxi” and “Innovation ecosphere and investment opportunities in China” presented by Mr. Adrian Valenzuela, Co-Founder and Group CEO of MCM Partners, Mr. Patrick Fung, Global FA Belt and Road Leader of Deloitte China, Dr. Shuguang Mao, Managing Director of GF Investments (Hong Kong) Company Limited and Ms. Joanna Cheung, Founder and Chairman of TGN (TusMaker Global Network) respectively.

At the just concluded the fifth plenary session of the 19th Central Committee of the Communist Party of China (CPC), China proposed to make use of the domestic and international dual circulations to create a new development model with domestic circulation plays a dominant role. “International Capital to Drive Innovation and Development”, the theme of the Forum, tied in with the country's new development strategy. The Group hopes to leverage on its international financial resources to assist enterprises from different industries to fulfil their capital needs encountered during the industry development acceleration, especially for those national focused development industries such as science and technology, new energy, etc., as well as during the upstream and downstream industry chain restructuring in order to facilitate the national industrial ecology and industrial chain upgrade.
