It is a third consecutive year of the Group being awarded this credible logo, with honorable nomination by The Boys’ & Girls’ Clubs Association of Hong Kong and TREATS. This awarding affirms again the Group’s effort and contribution in implementing corporate social responsibility, which is widely appreciated.

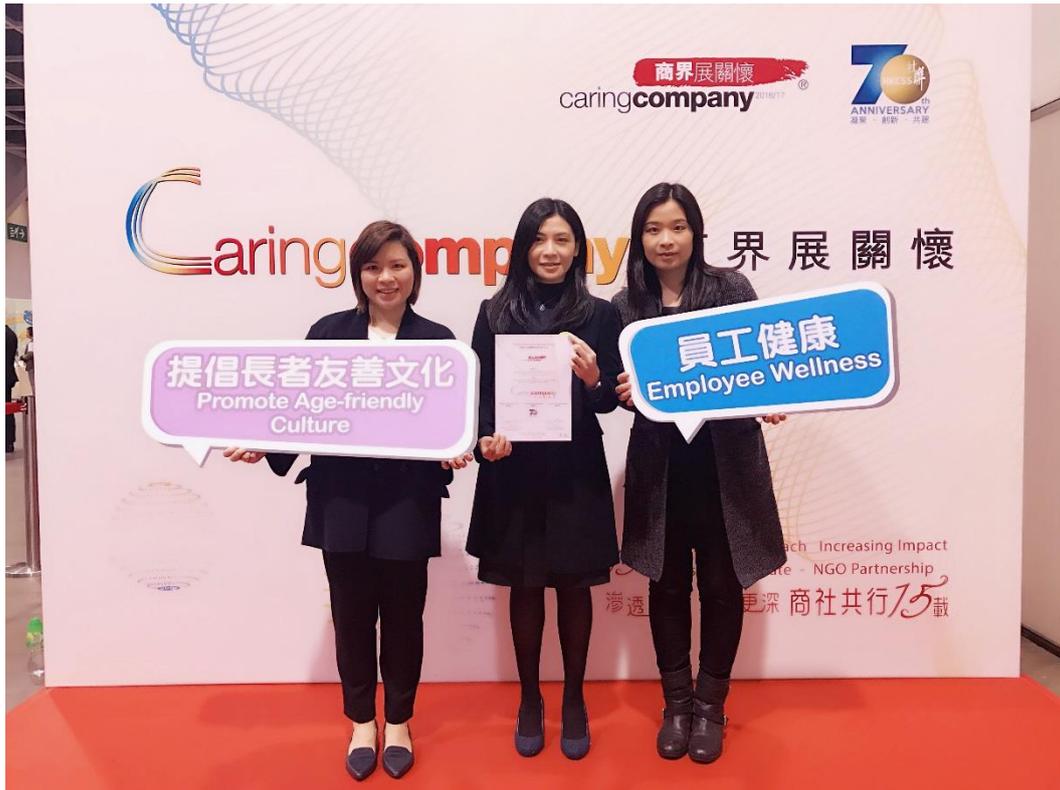

The “Caring Company” Scheme was launched in 2002 to award the corporates and organisations actively performing corporate social responsibilities. It aims at building strategic partnerships among businesses and social welfare organisations to promote creating a cohesive society. The Group has achieved various criteria under the three adjudication scopes of “Caring for the Community”, “Caring for the Employee” and “Caring for the Environment”.

The Group actively participated in various community services, including the voluntary activity “Art for ALL!” organised by TREATS, to promote a caring, accepting and integrated society through creating tote bags with children with mild intellectual disability; The “Cooking for the Community” voluntary activity organised by Food Angel, to prepare hot meal boxes with edible surplus food and deliver to singleton elderlies; and the “Mid-Autumn Caring Campaign” organised by Jockey Club Yau Tong Children & Youth Integrated Services Centre, The Boys' & Girls' Clubs Association of Hong Kong, to visit the singleton elderlies. Meanwhile, the Group sponsored the “Carol Singing Festival 2016” organised by Child Development Matching Fund, advocating the public to invest time and resources and take action to help deprived youths.

In the aspects of employee” and environment, the Group held two major internal environmental protection events, i.e. the “Give & Take Book Donation Program” and the “Forever Green’ Environmental Protection Festival”. Also, the Group sponsored the “Share a Meal & Eco-enzyme Workshop” organised by Food Angel and visited the CIC Zero Carbon Building, educating employees environmental protection knowledge and formation of a healthy lifestyle, in order to promote the physical and mental health of them. The Group was awarded the World Green Organisation’s “Green Office” Label and the United Nations Sustainable Development Goals “Better World Company” Label presented by Junior Chamber International Hong Kong in November 2016, which recognised the Group’s effort on environmental conservation.

Mr. Siu Wai Yip, Executive Director of Chinlink, said, “The Group has been actively practising corporate social responsibility through various activities related to community, environment and employees. The Group promoted the concept of ‘green’ office throughout the Group last year, committed to providing employees with a healthy, low-carbon and energy-saving office environment, and launched and participated in a series of environmental protection activities, which increase the employee’s environmental protection awareness and arouse their sense of responsibility and mission, in order to construct a sustainable environment together with the employees. This year the Group will put more effort to promote the physical and mental health of the employees and organise various activities to enhance the communication with the employees and create a better work atmosphere in achieving the employees’ work-life-balance.

The Group is honored to be awarded the ‘Caring Company’ Logo for three consecutive years, which well recognised the Group’s effort in contributing the society. We understand corporate social responsibility is important to social and corporate development, so we will keep on setting higher goals to pursue performance excellence. Looking forward, the Group will continue to concern the society from all walks of life with concrete actions, and make greater contributions to a sustainable development.”
